

GOOCHLAND COUNTY

VIRGINIA

Date: 1 July 2013

To: Hydrant Meter Renter

From: Mr. Todd Kilduff, P.E., Director of Public Utilities

Subject: Approved Fire Hydrant Filling Locations

Hydrant Meter Renters,

Please be aware that as your contract is renewed annually, this document will accompany your new agreement.

We have identified several safety concerns where meter-renters have been using fire hydrants on VDOT roads that have moderate to significant traffic. In order to alleviate this concern, we are providing you with several locations in the Courthouse and East End areas (see attached maps). You will be required to use these locations and only these locations from now on. Failure to use any of the hydrants in the attached maps may result in the suspension or termination of your contract.

You are also now required to contact DPU when filling in the Courthouse area at the Company 5 Fire House.

If you have any questions, please contact DPU at this number: 804-556-5835.

Sincerely,

Todd Kilduff, P.E.
Director of Public Utilities
