Census 2020

In 2020 a census mandated by the U.S. Constitution will be taken.

Data collected from the survey is used to determine a variety of things, including but not limited to:

- The distribution of Congressional seats in the United States House of Representatives (i.e. if a state gains or loses a Congressional seat)
- How to redistrict states
- How to allocate federal funds to states, which directly impacts communities

For the first time ever, the U.S. Census Bureau will accept responses online, but YOU can still respond by phone or mail if you prefer.

Timeline

Beginning mid-March 2020 - YOU will receive a notice in the mail to complete the 2020 Census.

In May 2020, the U.S. Census Bureau will begin following up in-person with people in households who haven't responded to the Census to ensure YOU and YOUR family are counted.
