

Designation of "Responsible Land Disturber" for
POD/LDP # _____ Project _____

All applicants for permits involving Land Disturbing activities must provide the name of a "Responsible Land Disturber" ("RLD") prior to the permit being issued.

I, (printed name of "RLD") _____, hold a certificate of competency*, as provided for by §62.1-44.15:52 of the State Regulations, and will be in charge of and responsible for carrying out all activities related to the land disturbing activity regulated by this permit application. I will advise the E&S Administrator immediately, and in writing, upon my replacement as "RLD".

* The holder of a valid Virginia Professional Engineer, Land Surveyor, Landscape Architect or Architect License who is also involved in site design and land disturbance are acceptable alternative certifications for this purpose.

Notary Public

Land Disturbing activity is defined as: (Chapter 5 Section 5-30 Definitions, Goochland County Ordinance.)...any land change which may result in soil erosion from water to wind and the movement of sediments into State waters or onto lands in the Commonwealth, including but not limited to, clearing, grading, excavating, transporting and filling of land, except that the term shall not include:

- (1) Minor land-disturbing activities such as home gardens and individual home landscaping, repairs and maintenance work;
- (2) Individual service connections;
- (3) Installation, maintenance, or repair of any underground public utility lines when such activity occurs on an existing hard-surfaced road, street or sidewalk provided such land-

disturbing activity is confined to the area of the road, street or sidewalk which is hard-surfaced;

- (4) Septic tank lines or drainage fields unless included in an overall plan for land-disturbing activity relating to construction of the building to be served by the septic tank system;
- (5) Surface or deep mining;
- (6) Exploration or drilling for oil and gas including the well site, roads, feeder lines, and off-site disposal areas;
- (7) Tilling, planting, or harvesting of agricultural, horticultural, or forest crops, or livestock feedlot operations; including engineering operations and agricultural engineering operations as follows: construction of terraces, terrace outlets, check dams, desilting basins, dikes, ponds not required to comply with the Dam Safety Act, Article 2, (Sec. 10.1-604 et seq.) of Chapter 6 of the Code of Virginia, 1950, as may be amended from time to time, ditches, strip cropping, lister furrowing, contour cultivating, contour furrowing, land drainage, and land irrigation; however, this exception shall not apply to harvesting of forest crops unless the area on which harvesting occurs is reforested artificially or naturally in accordance with the provisions of Chapter 11 (□ Sec. 10.1-1100 et seq.) of the Code of Virginia, 1950, as may be amended from time to time, or is converted to bona fide agricultural or improved pasture use as described in subsection B of □ (10.1-1163), Section of the Code of Virginia, 1950, as may be amended from time to time.
- (8) Repair or rebuilding of the tracks, rights-of-way, bridges, communication facilities and other related structures and facilities of a railroad company;
- (9) Disturbed land areas of less than 10,000 square feet in size, except in such as environmentally sensitive areas such as flood plains and wetlands, steep slopes (15° or more) and areas within fifty feet (50') of the James River, except in cases in which the plan-approving authority has required an agreement in lieu of a plan under Section 5-32 hereto, in which the exemption shall not apply.
- (10) Installation of fence and signposts or telephone and electric poles and other kinds of posts or poles;
- (11) Emergency work to protect life, limb or property, and emergency repairs; provided that if the land-disturbing activity would have required an approved erosion and sediment control plan, if the activity were not an emergency, then the land area disturbed shall be shaped and stabilized in accordance with the requirements of the plan-approving authority.
