

Appendix A

Project Number: 0006-037-799 (UPC 120592) Locality: County of Goochland

Project Scope	
Work Description:	Construct a new emergency use only crossover, for authorized vehicles only, for the Manakin Fire-Rescue center.
From:	900' west of Hocket Road 623
To:	900' west of Hocket Road 623
Locality Project Manager Contact Info: Austin Goyne 804-556-5850 agoyne@goochlandva.us	
Ashland Assistant Resident Engineer Contact Info: Phillip Frazer 804-481-0906 Phillip.frazer@vdot.virginia.gov	

Detailed Scope of Services
<p>The proposed access for EB Route 6 will be “One Way”. This will ensure the existing crossover is used by regular traffic and the new access is used for “Authorized Vehicles”. The proposed access will be constructed on a 60 degree skew. This will promote an efficient turning movement for the fire trucks onto EB Route 6, and it will also provide more storage space in the access for oversized emergency vehicles. By separating the new emergency crossover and the existing crossover, it promotes usage only by emergency vehicles and restricts turning movements from EB Route 6. This improves safety and limits confusion for the traveling public.</p>
